

Weaving Community Through Art

Annual Conference of the
BCATA, October 24-25, 2025
University of British Columbia
Vancouver

CALL FOR PRESENTATION PROPOSALS

Our conference “**Weaving Community Through Art**” is an opportunity to weave new lines of thought, intertwine ideas and experiences, remember how beings and places are the strong warp enabling practices, knowledges and stories that build relationships and communities. While enjoying the company of friends and colleagues, thinking, laughing, discovering, and learning together, the various sessions are sites of potentiality for meaningful connections and to emphasize the strength of our Art Education community and the importance of what we do.

Sessions will be scheduled in modules of 60 and 75 minutes on Friday, and 2 hr modules on Saturday. The focus of the Saturday workshops will be hands on studio based only. Studio workshops are also encouraged on Friday. While most of the conference will be in person, we will also offer a selected online program. Last minute changes will not be possible, thank you for choosing your Zoom/In-person format carefully.

Important note: Potential presenters must either join or renew their BCATA membership or subscription, or present proof of membership valid through October 2025. As a way to thank and support presenters, we offer one (1) complimentary registration per session to the BCATA 2025 conference. Presenters offering two different workshops, must submit a separate proposal form for each session.

Please use the link below to send a proposal for your presentation:

The BCATA is a non-profit organization run by volunteers to support children and art education through advocacy, publication of teaching resources and the organization of professional development experiences.

Submissions can be submitted between now and August 25, 2025. If your presentation is chosen, you will be notified before or no later than September 21st, 2025.

We look forward to your participation in the BC Art Teachers' Conference!
